SILVER PEAK LEASE  
TAKEN BY NEW MAN

E. A. Packer, accompanied by his wife and daughter were in Tonopah yesterday ordering supplies to be shipped to their property at Silver Peak, which has been taken over by Mr. Packer, who succeeds to the lease formerly operated by J. B. Fanchini. This is said to be one of the best leases offered in the district and with economical management, it is believed the mill erected three years ago will be made to pay handsomely. Mrs. Packer is a daughter of the former manager of the Pittsburg Silver Peak mine who built the big 100 stamp mill.

**DRILL IN HIGH SCHOOL**  
In place of the regular manual training course in the high school of Clark county the boys will receive a full course in military drill, according to the board of education. This will include gun drill and calisthenics, besides the regular military movements.

## ATTENTION, MOOSE!

Members of Tonopah Lodge, No. 874, L. O. O. M., please take notice that the regular meeting to be held Thursday, the 22nd, is cancelled to give the members a chance to see the government play, "Pershing's Crusaders," at the Butler theater on that date.

By order of the Dictator,  
**WILLIAM MITCHELL,**  
Secretary.

HEALTH OF CAMP  
IS LOOKED AFTER

The town board has taken action on the cleaning up process and the public team is busy filling in noisome places and removing the accumulation of weeds that promised to make life a burden for hay fever patients as soon as the pollenized stage was reached. The county physician, the district attorney and the chief of police are acting in unison with such effect that the town is beginning to show the salutary influence of the crusade. A number of old toilets that had been overlooked by the grand jury have been condemned and either nailed up or thrown down and the vaults filled.

GRAND JURY DORMANT  
SINCE APRIL FIRST

H. R. Grier, foreman of the Nye county grand jury, in referring to the effort to clean up the town of unsanitary nuisances wishes it understood that the jury adjourned last April until further notice and has not had a session since that time. This action was taken in deference to the wish of the Nye County Council of Defense at the suggestion of the district attorney, who, in a communication dated April 1, 1918, presented the situation as follows:

"On account of the large amount of expense which this county will be put in maintaining the county council of defense, and on account of the fact that the county finances are not very strong, it has occurred to me that it would not be amiss to suggest to the grand jury that they do not meet hereafter until called by the court.

"They have performed a great deal of work and have done it well and having done everything that is now required, it seems that further regular meetings are unnecessary. It has required money on the average of about \$300 per month for the grand jury, and now that they have done all the work mapped out and necessary it seems that further expenses should now be discontinued.

"This is a mere suggestion which is endorsed by members of the board of county commissioners, and in the interests of efficiency and conservation."

Replying to this letter the foreman of the jury stated that in acquiescing the jury had already contemplated this action and was fully in accord with the idea. Judge Averill, director of the Nye County Council of Defense, and the district attorney were notified accordingly.

PERSHING'S CRUSADERS  
AT BUTLER THURSDAY

The Butler theater has been donated to the council of defense for Thursday and they have arranged a special program of pictures together with a number of specialties. One of the feature pictures for the program will be the first official United States war film entitled "Pershing's Crusaders," in eight reels. This feature film has been photographed by the United States signal corps, navy photographers and cameramen of the French staff. It shows how every man, woman and child is helping Uncle Sam, with interesting scenes showing the progress being made in ship building, aeroplane construction and gun and ammunition making as well as interesting phases of cantonment training. The big feature of this picture, however, is that portion which gives the very latest news of what our boys are doing in the front line trenches in France. There will also be shown in this film a number of stirring scenes which have been taken for the governments of France and England covering phases of American activities abroad. Another feature on the program is the pageant picture, one reel of patriotic scenes enacted by the Tonopah girl scouts, typifying the unity of the allied nations in the cause of humanity, directed by Prof. Roy Cross. Matinee, 1:30. Evening (only one show) at 8 o'clock sharp. Matinee prices: Children, 15c; adults, 30c. Evening, 25 and 50 cents. AdvA21

METAL EXCHANGE  
ON A NEW SCALE

(By Associated Press)  
SEATTLE, Wash., Aug. 21.—Seattle shortly is to open a metal exchange under government direction. Thrift and war savings stamps will be offered as pay for old objects containing gold and silver and experts have volunteered to do the appraising.

The first of these exchanges was opened in New York, where it proved so popular that it had to be closed after two months' operation because the women in charge were overworked in caring for the flood of small metal consignments sent in. In that two months' period the New York exchange paid out \$680,000 worth of thrift and war savings stamps in exchange for silver and gold.

UNION AMAL. OPENS  
PERMANENT ORE BODY

The Union Amalgamated mine at Manhattan, after encountering the permanent formation on the 700 level, is proceeding with development preparatory to putting the mill in commission. The drift has advanced 55 feet and the crosscut has been run 20 feet, showing a body of ore that will run better than \$20 per ton. The ore is free milling with little copper and the extraction will show a high percentage. This is the information brought in today by William McClure, who adds that the mill is being overhauled and that the company will begin hauling ore shortly. The mill has a capacity of 50 tons and the property is in charge of Ralph Sweet.

RED CROSS WILL JOIN  
IN ESCORTING ARNOLD

Tonopah is going to distinguish itself tomorrow morning by turning out en masse to escort Ivan Arnold to the station on his way to the training quarters of the railroad engineers at Fort Benjamin Harrison, Ind. The band and drum corps will be there and the Elks and other fraternal orders of which Mr. Arnold is a member will appear in a body. The Red Cross has issued an urgent invitation for every available member to report in uniform at the flag at 8:30 sharp. Mrs. Arnold, mother of the most active workers at one of the departing volunteers, has been the Tonopah rooms and the officers of the local branch would like to see every member in attendance.

TONOPAH MAN ONE  
OF HEIRS TO ESTATE

Emmet Short, of Tonopah, is mentioned as one of the heirs of Thomas Short, who died last week in a Salt Lake hospital.

Thomas Short was one of the original locators of the famous Richmond mine on Ruby Hill, Eureka county, and a prominent rancher of Ruby valley, Elko county. He was born in Ireland in 1834 and came to America in his early manhood. After the civil war he came west, was engaged by the Union Pacific railroad as a hunter, and for several years killed buffalo and deer for the consumption of the railroad gangs.

In 1869 he settled in Nevada and it was then that he went into the Richmond mine which produced millions of dollars. Short sold his interest for a small fortune in 1872 and bought the ranch with the money in Ruby valley, devoting his time to breeding and raising fine horses and cattle. His herd of Durhams had a national reputation and took many blue ribbons. He was a high Mason and an active worker in that fraternity.

Seven children survive him: John Short of Wilcox, Ariz.; Will Short of Ruby valley; Gratton Short of British Columbia; Mrs. Isaac Griswold of Starr valley; Arthur Short of Ely; Emmet Short of Tonopah and George Short of Ely.

## PERSHING'S CRUSADERS

Holders of tickets for the presentation of "Pershing's Crusaders" for the benefit of the girl scouts are urged to call at the Miners' drug store and exchange their tickets for seats. Those having tickets unsold in their possession are requested to return them at once to the office of this council in the Bank building. Arrangements have been made to include the pageant feature of the Fourth of July picture at this special performance at the Butler theater.

RED CROSS APPEALS  
FOR MORE WORKERS

Last week a box containing 128 day hospital shirts and one containing 300 children's petticoats was shipped from the sewing rooms of the Red Cross. More workers are urgently needed if Nye county's quota of hospital supplies is to be filled in time. Just a few are making great sacrifices and doing the work that should be done by all the women of the community.

The surgical dressings room will be open Thursday and Monday evenings and all day Saturday from now on. Here too, the work is not being turned out in anything like the quantity it should be. As in the sewing room, a mere handful of earnest and patriotic women are struggling against odds to help our boys at the front and save Tonopah from appearing a slacked town.

ENROLMENT BLANKS  
FOR TRAINED NURSES

The necessary blanks and enrolment cards for the recruiting of nurses for the student nurse reserve have been received by the Nye County Council of Defense and those interested may secure full details from either Mrs. C. L. Richards or Mrs. Roy Davenport, who make up the recruiting committee.

Single women between the ages of twenty-one and thirty-five and having at least a high school education or its equivalent are wanted. Those accepted will be given a three-year course in one of the army training schools or in a civilian training school, if preferred. By special application it is possible for the student to finish in two years. They will then be ready for overseas duty or, if the war is over, they will find themselves fitted to enter one of the most lucrative and highly honored professions to which a woman may aspire.

Those who take up this work will also immediately render a most patriotic service by releasing nurses already trained for work at the front. There are many young women in Tonopah to whom this opportunity for training as well as service will be most welcome.

DOUBLE INFRACTION  
OF FEDERAL LAWS

H. A. Hoffman who owns vast holdings at Manse, near the famous Pahump ranch in Nye county, has been arrested for making seditious remarks against Uncle Sam and interned in the Washoe county jail pending further investigation. His two ranches, which number nearly 1200 acres, besides several thousand head of cattle and a general store at Manse, are now in the possession of the state custodian.

Deputy Marshal W. D. Knight states that in Hoffman's cellar were sixteen barrels of wine which bore no government stamp. This, along with all of his personal effects, was seized by the deputy.

Hoffman had never taken out his naturalization papers and will be treated as an alien enemy.—Carson Appeal.

## AMUSEMENTS

## DOUBLE BILL AT THE BUTLER

Magnificent scenery, mighty mountains and majestic rivers which suddenly leap down the rocks in the form of snowy cascades, make of the Metro wonderplay, "The Jury of Fate," a true travel picture to which is added a supreme love story. The story of "Jury of Fate" is placed in the Canadian mountains. There are beautiful views of the St. Lawrence river and the Thousand Islands, into this natural back ground fits perfectly the winsome personality of Jeanne Labordie (Mabel Taliaferro), contrasted with which is that of her wilful, sickly brother Jacques, also played by the versatile star. Remarkable photography shows brother and sister at the same time, by clever use of double exposures. Other characters in keeping with the surroundings are half-breed Francis Leblanc, portrayed by Frank Fisher Bennett. "The Jury of Fate" supplies you with a beautiful tale of unselfish devotion. It is a rapid moving story full of action that appeals most strongly to all. With this will be shown Pearl White in the "House of Hate" and it sure is a good one; also Hearst Pathe News.

SURVEYING SCENE  
AT HICKS STATION

W. A. Ray, county surveyor, went out to Hicks' station this morning for the purpose of surveying the scene of the recent crime and preparing a map that may be used when the case comes to trial. While it was rumored today that another arrest was likely to be made at any hour, the district attorney refused to either affirm or deny the allegation.
